## ACTION TAKEN

1. To fill the gap in the syllabus, acting CO and learn content beyond syllabus at part with present market trends all students are encouraged to attend the certificate program and value added course.
2. Students are advised to undergo online training programs, online internship/field projects, field visit to correlate the syllabus and solve real world problems.
3. The CAC committee suggests that a letter of representation to JNTUK be initiated to express inadequacy in the syllabus to meet current industry trends and also review the textbooks and reference books in relevance to curriculum.
4. The CAC committee also suggests that each subject last unit shall be included the approach to implement real world problems in the syllabus in next regulation.
5. The CAC suggests that the department shall conduct entrepreneurship /startup skill program in various domain based on the requirement of the stakeholders.
6. To enter into MOU with various industries to improve the interaction between the academia and industry sector.

## A REPORT ON 2023-24 FACULTY FEEDBACK

As students are backbones to the educational institutions, faculty are also playing a major role to shape the students' life. The college institution has collected feedback forms from the faculty to know their satisfaction. Nearly we have collected feedback forms from the department faculty and most of them were given a positive response. Here we have given the feedback report too for analysis:

1. Most of the faculty has the opinion the syllabus is suitable to the course (16 out of 29).
2. Most of the faculty has the opinion that the syllabus for the students completely needs based (17 out of 29).
3. The faculty was agreeing that the Aims & Objectives of the syllabus well defined and very clear to the students too (15 out of 29).
4. The majority of the faculty has good belief that the Course syllabus has a good balance between theory and application (15 out of 29).
5. The faculty has good belief that the course/syllabus have made interested in subject area (14 out of 29).
6. The faculty has very good view of course/program of studies carry sufficient number of optional papers (16 out of 29).
7. Most of the faculty has the opinion the books prescribed/listed as reference materials are relevant, updated and appropriate (14 out of 29).

## A REPORT ON 2023-24 STUDENTS FEEDBACK

For any educational institute students are the backbones. The interest and participation of students at all levels in both the internal quality assurance and external quality assurance have to play a central role. Their academic result makes a changeover of the college situation. Here, in our institution we used to take the feedback for every completing year regarding the academics, syllabus, and way of teaching from the students. For the academic year 2023-2024 we took the feedback from nearly 291 students from ECE department. Here we are giving brief disclosure about how the feedback followed.

Actually we had given 8 questions in a sheet of feedback and the response of them for each and every question is detailed below

1. Most of the students have the opinion that the syllabus of courses that they have studied is in relation to applicability/relevance to real life situations (159 out of 291)
2. The present curriculum's depth of the course contents is moderate while compare with other factors.( 177 out of 291).
3. From the total students of our department most of the students are satisfied with syllabus coverage in the class. (175 out of 291)
4. In students opinion for the rating given by major students on extent of effort required by students on syllabus is high. (157 out of 291)
5. It is also observed that the students offering of the electives in terms of their relevance to the specialization streams are satisfied. (155 out of 291)
6. The satisfaction levels of the students on learning objects stated for each of the course is moderate. (149 out of 291)
7. The allocation of the credits to the courses is satisfactory (152 out of 291)
8. Moreover, it has also be observed that the overall structure of syllabus for the program is highly satisfied (164 out of 291)

## A REPORT ON 2023-24 ALUMNI FEED BACK

1. Most of the students accepted that the syllabus was updated enough to specify the real life situations.
2. The delivery of course contents is understandable by students.
3. Majority of the students acknowledged that the course curriculum is intellectually stimulated.
4. The students agree that the course curriculum is fulfilling their expectations.
5. Most of the students have the same opinion that they learnt new skills in the course of study.
6. Many of the students had shown their interest to do the post-graduation / Research regarding the syllabus.

This Memorandum of Understanding is entered on 02/05/2024 ("Effective Date") by and between

Global Education Technology having its office at Bangalore, Hyderabad, India; and Universal College of Engineering & Technology, Guntur.

Global Education Technology (GET) is a premiere training and consultancy institute pioneering in individual segments such as IT learning solutions, Internships and Consultancy works. With updated training methodologies and certified trainers, GET offers its students, a competitive edge in their careers enabling them to become dynamic job-ready professionals with its employability enhancement program, holistic training infrastructure, live projects, new age course curriculum, certified faculties.

The internship is a method of experiential learning that combines the theoretical knowledge learned in the classroom with practical application and skill development in the organizational setting.

It involves critical monitoring of work, in which the intern has purposeful learning objectives. Further, it clearly showcases what the intern has learnt throughout the experience, as well as it leads to the all-round development of the learner, be it academic, professional, personal and social.

Now therefore, this Memorandum of Understanding (hereinafter called "MOU") witnesses the following.

1. **Term and termination:** This MOU is valid for an initial term of 1 year from the Effective Date. It can be extended by further periods, as agreed to by the Parties from time to time. Either Party may terminate this MOU by giving the other minimum 30 days' notice. The MOU will be deemed terminated at the end of the notice period or after completing all ongoing activities so that the beneficiaries (learners and teachers) are not negatively impacted, whichever is later.
2. **Non-binding nature of this MOU:** The MOU is not binding on either Party and each is working with the other out of sheer good-will and for the benefit of the learners.
